Kingston, ON, September 28, 2022 – Keystone Answering Service has been honored with having earned the CAM-X *Award of Excellence* for the 15th Consecutive Year. The program was established to enable telephone answering services to measure customer service levels as it relates to agent performance. The Award is presented annually by the Association of TeleServices International (ATSI) and administered by the Canadian Call Management Association, CAM-X. Keystone was presented with the Award at the CAM-X Annual Convention held at the Four Points by Sheraton Hotel in Kingston, Ontario.

Keystone's combined score was 94.2% and placed fifth among the top ten participants in a contest between 48 Call Centers in North America. The CAM-X *Award of Excellence* program has been in existence for thirty years. Keystone has established an industry leading record of TOP TEN or Top Call *Award of Excellence* placements -or better- in fifteen of the last eighteen years.

Independent judges are contracted by CAM-X to make test calls to evaluate customer service levels throughout North America over a six-month period for both the ATSI and CAM-X programs.
